# TECHNOLOGY FACILITATED GENDER-BASED VIOLENCE

*Recognize / Understand / Get Support*

## WHAT IS TFGBV?

Technology Facilitated Gender-Based Violence (TFGBV) refers to harm, harassment, abuse or control that happens through the use of technology or digital platforms. It can include things like non-consensual sharing of intimate images, online harassment, cyberstalking, impersonation, coercive monitoring and more.

***It's real. It's harmful. And it can happen to anyone.***

**1 IN 3**

Alberta post-secondary students have experienced some form of online harassment (31%) (Alberta Student Health and Lifestyle Survey, 2022).

**NEARLY 1 IN 5**

Alberta young adults (18–24) have experienced non-consensual sharing of intimate images (18%) (CSEC, 2022).

## *Let's talk about it.*

Learn how TFGBV shows up, what you can do, and where to get support.
